The sample was prepared by mixing 100 g of the polymer with 100 g of the solvent. The mixture was then poured into a mold and allowed to solidify. The solidified sample was then cut into pieces of approximately 1 cm x 1 cm x 1 cm. The pieces were then weighed and the weight was recorded. The pieces were then placed in a beaker of water and allowed to soak for 24 hours. The water was then poured off and the pieces were dried in a vacuum oven at 60°C for 24 hours. The dried pieces were then weighed and the weight was recorded. The difference in weight between the initial and final weights was then calculated and the percentage weight loss was determined. The percentage weight loss was then plotted against the initial weight of the sample. The resulting curve was then used to determine the weight loss of the sample for a given initial weight.

Stellen Sie sich vor, Sie sind ein Wissenschaftler, der die Auswirkungen von Umweltveränderungen auf die Biodiversität untersuchen möchte. Sie haben eine große Anzahl von Daten gesammelt, die die Artenvielfalt in verschiedenen Ökosystemen über die Zeit hinweg zeigen. Diese Daten sind jedoch sehr komplex und schwer zu analysieren. Sie beschließen, eine Reihe von Hypothesen aufzustellen, die die Beziehung zwischen Umweltfaktoren und Biodiversität beschreiben. Sie verwenden dann statistische Methoden, um diese Hypothesen zu testen. Welche der folgenden Aussagen beschreibt am besten die Rolle von Hypothesen in diesem Prozess?

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR NO. 43.

SPECIAL INSTRUCTIONS FOR FILING ALIEN MANIFESTS.

The information returned on the manifest (Forms 1300, 1300-A, and 1300-B, now numbers 500, 500-A, and 500-B), so far as it relates to alien arrivals, including those in transit and tourists, should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 15, by a descriptive title indicating briefly the subject to which it relates.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex). The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single). The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations. A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write). Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject and not country of last permanent residence.

Column 9 (Race or people). The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the peoples of Central and South America of Spanish descent.

AFRICAN NEGRO.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any description of appearance indicates a Negro of Negro blood should be classified under this heading.

ITALIAN-ITALY.

The people who are native to the basin of the River Po, in northern Italy, i. e., the portions of Piedmont, Lombardy, Venetia and Trentino, and those descended, whether residing in Italy, Switzerland, Austria, Hungary, or elsewhere, should be classified as "Italian (northern)". Most of these people speak a dialect of the Italian language.

ITALIAN-SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Pisan, Marche, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classified as "Italian (southern)".

Column 10 (Last residence). The entry in column 10 should show the country, city or town of last permanent residence, instead of the province, city, or town.

Column 11 (Final destination). The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination). The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom passage paid). The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much). The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where). The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year or period of years; and place, as, 1891-95, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend). The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 17 to 20. The answers in these columns are subject to revision by any inspection officer in the examination of immigrants.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

The information returned on the manifest (Forms 1500, 1500-A, and 1500-B, new num-
bers 500, 500-A, and 500-B), so far as it relates to alien arrivals including those in transit
and tourists, should be made in accordance with the following classifications. The
number of the column on the manifest is given in these special instructions and is fol-
lowed, in parentheses, in all cases up to and including column 16, by a descriptive title
indicating briefly the subject to which it relates.

Column 3 (Age).—The return of age in column 3 should be expressed in years or
months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married),
S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accu-
rately as possible the occupation, trade, or profession of each alien arrival, as for example:
Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher,
steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder,
turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the
amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the owner who operates it.
Steamship companies should make this distinction on the manifests, and corrections
should be made, if necessary, by inspectors and registry clerks during the personal
examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein
should be either Yes—Yes (can read and write), No—No (can neither read nor write), or
Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of
which immigrant is a citizen or subject and not country of last permanent residence.

Column 9 (Race or people).—The entry in column 9 should show the race or people
as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and
manifests should be carefully revised by inspectors and registry clerks in this regard.
For instance, "French" appearing on a manifest does not necessarily mean "French" by
race or people, and similarly, "French" appearing on a manifest does not necessarily
mean "France" by nationality. An alien who is Irish, German, or Hebrew by race
might properly come under the heading of United Kingdom or any other country by
nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish
descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other
islands of the West Indies, North or South America, Europe, or Africa. Any alien whose
appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy in northern Italy (i. e., com-
partments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether
residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed
as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po
(i. e., compartments of Liguria, Tuscany, Marches, Umbria, Latium, Abruzzo, Molise,
Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should
be classed as "Italian (south)."

Column 10 (Last residence).—The entry in column 10 should show the country, and
city or town of last permanent residence, instead of the province, city, or town.

Column 11 (Final destination).—The entry in column 11 should show definitely the
place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column
12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show defi-
nitely by whom passage was paid, as self; husband, father, brother, or other relative;
friend; steamship company, etc.

Column 14 (Whether in possession of \$20, and if less, how much).—The entry in
column 14 should give in each case (individual or family) the exact amount of money
shown.

Money brought by the head of a family should not be divided among the several
members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—
The entries in column 15 should show whether or not (Yes or No) in the United States
before; and if so, the year (or period of years) and place; as, 1894-95, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The
entry in column 16 should show whether going to join either a relative or friend; and if
so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any
inspection officer in the examination of immigrants.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILING ALIEN MANIFESTS

The information returned on the manifest [Forms 1500, 1500 A, and 1500 B (new numbers 500, 500 A, and 500 B)] so far as it relates to alien arrivals (including those in transit and tourists), should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of such alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject and not country of last permanent residence.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or the islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo-dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marche, Umbria, Latium, Abruzzi, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last residence).—The entry in column 10 should show the country and city or town of last permanent residence, instead of the province, city, or town.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$20, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or period of years, and place, as: 1891-92, Philadelphia.

Column 16 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 32. The answers in these columns are subject to revision by any inspection officer in the examination of immigrants.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR NO. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The information returned on the manifest (Forms 1500, 1500 A, and 1500 B (new numbers 500, 500 A, and 500 B)), so far as it relates to alien arrivals (including those in transit and tourists), should be made in accordance with the following instructions. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject and not country of last permanent residence.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 10 (Last residence).—The entry in column 10 should show the country, and city or town of last permanent residence, instead of the province, city, or town.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whose fare passage paid).—The entry in column 13 should show definitely by whom passage was paid as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year or period of years; and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of immigrants.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR NO. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

The information furnished on the manifest [Forms 1500, 1500 A, and 1500 B (new numbers 500 A, and 500 B)] so far as it relates to alien arrivals (including those in transit and tourists), should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject and not country of last permanent residence.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race mean "France" by nationality. The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba, the islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po, northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia and Friuli, and whose descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these peoples speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, Marches, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia and their descendants should be classed as "Italian (south)." Most of these peoples speak a dialect of the Italian language.

Column 10 (Last residence).—The entry in column 10 should show the country, and city or town of last permanent residence, instead of the province, city, or town.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of \$20, and if less, how much).—The entry in column 14 should give, in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894, 97, Philadelphia.

Column 16 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of immigrants.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR NO. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

The information returned on the manifest (Forms 1500, 1500 A, and 1500 B) now numbers 500 A, and 500 B) so far as it relates to alien arrivals (including those in transit and tourists), should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).
Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).
Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:
A *farmer* is one who operates a farm, either for himself or others.
A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject and not country of last permanent residence.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race may properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negroes, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any person whose appearance indicates admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Lancia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak Gallo-Italic of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marche, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last residence).—The entry in column 10 should show the country, city or town of last permanent residence, instead of the province, city, or town.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom last passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or period of years, and place, as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of immigrants.

SPECIAL INSTRUCTIONS FOR FILING ALIEN MANDATES

The information stored in the memory of the 100,000 A and 100,000 B newmin bars (00,500 A and 000 B) is not as it relates to a binary code. Interpreting the 0 and 1 in the code should be made in accordance with the following explanations: The number of the column on the matrix is one of the special states and is followed in parentheses. In an even step, if a 1 is in the column, the code represents the value being directly the step, or twice the value.

column = the unit of age in column i should be expressed in years or months (the latter applying only to columns under 1 year of age).

Column 1: *Antisemitism*. Column 8: should be continued to mean the country of which immigrants are a citizen subject and not country of last permanent residence.

Column 2: *Racial aspects*. The entry in column 2 should show the race or people as given in list on page 1, not their manifest.

Special attention should be paid to the distinction between race, nationality, and manifestoes should be borne in mind by inspectors and society clubs in this regard. For instance, "France" appears on a man's list does not necessarily mean "French" by race or people, and similarly "Israel" appearing on a manifestoes does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following instructions should be specially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILING ALIEN MANIFESTS.

The information returned in the manifest (Forms 1500, 1500 A, and 1500 B) new numbers 500, 500 A, and 500 B, as to arrivals, including those in transit and tourists, should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married) or S (single). If widowed, so it is noted.

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade or profession of each alien arrival, as for example, Civil engineer, stationary engineer, beam stove burner, potter, painter, brass polisher, steel polisher, iron molder, wood trimmer, etc., and not simply as another polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make these distinctions in the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write). Column 5 is subdivided 1 and the entries therein should be either Yes, Yes, can read and write, No, No, can neither read nor write, or Yes-No can read but not write.

Column 6 (Country of birth). Column 6 should be construed to mean the country of which immigrant is a citizen, resident and not country of last permanent residence.

Column 7 (Race or people). The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and registry clerks in this regard.

For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of French Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CHECK

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies (other than Cuban, not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Africa, the islands, the West Indies, North or South America, Europe or Africa. Any person whose appearance indicates a negro blood should be classified under this heading.

EUROPEAN (WHITE)

The people who are included in this heading are: English, French, Italian, Irish, German, Portuguese, Polish, Russian, Rumanian, Bohemian, Magyar, Czech, Slovak, Slovenian, Lithuanian, Latvian, Estonian, Finnish, Swedish, Norwegian, Danish, Norwegian, and Swedes. Any person whose appearance indicates a European blood should be classified under this heading.

EUROPEAN (WHITE)

The people who are included in this heading are: English, French, Italian, Irish, German, Portuguese, Polish, Russian, Rumanian, Bohemian, Magyar, Czech, Slovak, Slovenian, Lithuanian, Latvian, Estonian, Finnish, Swedish, Norwegian, Danish, Norwegian, and Swedes. Any person whose appearance indicates a European blood should be classified under this heading.

Column 8 (Last permanent residence). The entry in column 8 should show the city or town, or farm, of last permanent residence, instead of the province, state, or town.

Column 9 (Place of birth). The entry in column 9 should show definitely the place, city or town, of birth, and not the district.

Column 10 (Whether married). The entry in column 10 should be either Yes, Yes, married, or No, No, single.

Column 11 (Whether has passport). The entry in column 11 should show definitely by whom passport was issued, as: self, husband, father, brother, other relative, friend, steamship company, etc.

Column 12 (Whether has money). The entry in column 12 should show the amount of money brought by the immigrant, and not the amount of money shown on the manifest.

Column 14 (Whether has money). The entry in column 14 should show the amount of money brought by the immigrant, and not the amount of money shown on the manifest.

The information returned on the manifest (Items 100, 100 A, and 100 B, new numbers 100, 100 A, and 100 B) is a separate number series including those in manifest and carrier, which will be used in accordance with the following classification. The number of the column in the manifest is given in the special instruction and is followed, in parentheses, in place of a number in the including column 10, by a descriptive title identifying fully the contents of the column.

Therefore, if age in column 3 should be expressed in years or months, the latter will be used in these analyses of age.

Colours and illustrations. The entry in a plate should describe as accurately as possible the colour and markings of the individual animal, as for example 'Chin. (pale, fulvous, etc.)', 'brownish, tinged with orange, green, brass, pale on side', 'pale brown, mottled, etc.', 'red, tinged with orange, green, purple, madder, tawny, etc.', 'dark, black, etc.'.

A distinction is applied to each between tyrants and *l* = *labours*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm either for himself or others.
A *farm laborer* is one who works on a farm for the man who operates it.

Column 9: Race or people. The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully checked by inspectors and registry clerks in this regard. For instance, "Franco" applied to a manifest does not necessarily mean "French" by

For instance, "France" appears in the Bible and in the Talmud as a name of a race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An Irish, who is Irish, German, or Hebrew by race, might properly come under the heading of a ruled Kingdom or any other country by "nominability." In this connection the following distinctions should be specially observed:

SPECIAL INSTRUCTIONS FOR FILLING OUT AN ANSWER SHEET

The information returned on this manifest (Forms 100, 100-A, and 100-B, new numbers, on 500 A and 500 B) is to be printed on each arrival, providing those on transit and to return, should be necessary in accordance with the following classification. The number of the column on the manifest is as given in the special instructions and is followed, in parentheses, by all the appropriate and including column (6), by a descriptive title indicating briefly the subject of the manifest.

columns = age. The nature of age in column 3 could be expressed in years or months, the latter applying only to those under 2 years of age.

Column 1: *Sex* – The respondent should be either M (male) or F (female).
Column 2: *Marital status* – The respondent should be either M (married), S (single), W (widowed), or D (divorced).

Of course, the *in vivo* polymerization of the monomer should be described as accurately as possible. However, the *in vivo* polymerization of the monomer is not a simple chemical reaction, and the polymerization mechanism is not yet understood. The polymerization of the monomer is a complex reaction, and the polymerization mechanism is not yet understood. The polymerization of the monomer is a complex reaction, and the polymerization mechanism is not yet understood.

A distinction should be made between *errors* and *omissions* regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.
A *farm labourer* is one who works on a farm for the landowner.

Seafaring companies should make this determination of the manifest and corrections should be made, if necessary, by inspectors and registers clerks during a personal examination of alien arrivals.

Comment: (Able to read and write). Column 7 is subkey k_7 and the entries therein should be either $Y_i = Y_{i-1} \oplus k_7$ and write $N_i = N_{i-1}$ or $N_i = N_{i-1} \oplus k_7$ and write $Y_i = Y_{i-1}$ and read and write $N_i = N_{i-1}$ and read and write $Y_i = Y_{i-1} \oplus k_7$.

For instance, "France" appears in a passport does not necessarily mean French by race or people and similarly, "Israel" appearing on a passport does not necessarily mean "France" by nationality. An Arab who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following details should be specially observed:

The term "Cuban" refers to the Cuban people, not Negroes.

WILLIS, J. S.

*'West Indian' refers to the people of the West Indies, other than Cuban, not Negroes.

$$|F(\lambda N)| \sim H(\lambda) |F(\lambda)|, \quad \lambda \rightarrow \infty$$

¹ Spanish American refers to the people of Central and South America of Spanish descent.

ALBERT AND HILVER

* "African Island" refers to the African Negro, whether coming from the 1700 islands of the West Indies, North or South America, Europe or Africa. Any person whose appearance indicates a non-white ethnic parentage should be classified under this category.

The people who are native to the area are the *Barangayans* who live in the compartments of the front building. They are called *Barangayans* because they are staying in the *Barangay* (the village). The people who are native to that portion of Italy south of the head of the Bay of Naples, the compartments of Liguria, Tuscany, Marche, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and the islands, are called by the heathen class "Italians" south.

Column 10 - Last place of residence. The entry in column 10 should show the *country and city or town* of last permanent residence, instead of the previous city or town.

SPECIAL INSTRUCTIONS FOR FILING ALIEN MANIFESTS

The information required for the manifest forms 500, 500-A and 500-B, new numbers 500, 500-A and 500-B, is to be related and entered as one finding in the manifest and to be so, should be made more obvious with the following observations. The number of the column of the article is given in these special instructions and is followed, in parentheses, in the description found in finding column 16, by a descriptive title indicating directly that part of the article relates.

Age—The return of age in column should be expressed in years or months, the latter applying only to those under 1 year of age.

months the latter, paying attention to the following: (1) year of birth;
(column 1, (See column 2) column 3) the birth of either M (male) or F (female);
(column 4, (See column 5) column 6) the entry on a human census of either M (married),
S (single), W (widowed), or D (divorced).

Concurrence (*Concurrence* in French) is the entry in the tariff should describe as accurately as possible the origin, the kind, or process, or use of the material, as for example: Civil engineer, structural engineering, locomotive engineer, etc.; or, mass poles, etc.; steel, polished, stainless steel, etc.; or, turner, etc.; and not simply, an engineer, polisher, molder, turner, or other individual or business.

A distinction could be made between *farmers* and *farmholders*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.
A *farmer-laborer* is one who works on a farm, but the one who operates it.

Steamship companies should make these two notices the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal

(*Column 1* = *Why do you play a card?*) (*Column 2* = *Subdiv*) and the entries therein

hould be either Yes or can read and write. No. No can neither read nor write, or Yes. No can read, but not write.

Column 5: *Authenticity* – column 8 should be construed to mean 'the country of which immigrant is a citizen, resident and not country of birth/permanent residence'.

Column 1: Race or people. The entry in column 9 should show the race or people as given in list on reverse side of album manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully checked by inspectors and registry clerks in this regard.

For instance, "France" appearing on a manifest does not necessarily mean French by race or people; and similarly, "French" appearing on a manifest does not necessarily mean French by race or people. In the case of the manifest of the *U.S.S. Helder*, the

mean "Finne" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by which he is represented.

roughly. In this connection the following distinctions should be specially observed

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDEX.

^aWest Indian refers to the people of the West Indies other than Cuban (not Negroes).
